

Augathella Coaching Group Field Day

Recently the Augathella Coaching Group (partly sponsored by the Regional Landcare Facilitator Project) held a final meeting and field day at Oakwood, west of Augathella. A coaching group is a group of graziers with similar enterprises working with each other to improve their knowledge and understanding of grazing, assisted and guided by an industry expert.

Over the last 12 months this group of graziers from around Augathella have been working on a whole range of topics on-property, including pasture monitoring, forage budgets, key dates, and soil types. They are a great group of people, and thank you must go to Desiree Jackson for facilitating the group, as well as Rob and Jono for hosting the Field Day.

Look out for a case study from the Augathella Coaching Group in upcoming communications from South West NRM. If you would like to get involved or learn more about a coaching group in your area, please give Darren a call at the office on **(07) 4656 8500**.

Above, clockwise from top left: Augathella Coaching Group members crunching numbers with facilitator Desiree Jackson, the group brainstorming over a cuppa, and inspecting pasture: back row, L-R: Kate Swanson, Jono Terry, Desiree Jackson and Sean Lyons with Rob Thallon and Geoff Swanson cutting and collecting pasture on Oakwood.
