

South West NRM On Show!

This year we visited the Charleville and Cunnamulla Shows to engage with land managers and the general public, and also to demonstrate some of the things we get up to here at South West NRM. Staff took turns manning the stands, and reported that we had some great questions from community members, ranging from Cluster Area Management to weeds, pest animals and nearly every subject in between.

We will also be visiting the Quilpie Show on September 10th, so come along and say hello!

Charleville:
13th-14th May

Above: South West NRM Weed Project Officer Julie Frousheger showing some visitors where the CAM fences are.

Below: South West NRM CEO Mary-Anne Healy, Weed Project Officer Julie Frousheger and Regional Landcare Facilitator Darren Jennings.

Cunnamulla:
21st May

Above: Kim Williams, Andrew Schmidt and South West NRM Program Manager Libby Gardiner having a chat at the Cunnamulla Show stand.
