

Staff Update:

Since the last edition of Three Rivers, Three Creeks there have been a few changes in staffing here at South West NRM:

- Jed Sommerfield, Landcare Project Officer, resigned at the end of September to pursue other interests. This position will be filled in the New Year.
- Simone Richardson, CAM Field Officer, has also resigned and finished up in mid-November at the completion of the November CAM Phase One project monitoring.

We thank both Jed and Simone for their time at South West NRM and wish them well for the future.

We also welcome Gail Duff, who joined our Business Services team as a Services Officer in mid-September. Gail and Britny both work closely with the Business Services team from Condamine Alliance in Toowoomba to provide financial and administrative support to South West NRM.

Introducing Gail:

Gail Duff has recently commenced with South West NRM as Business Services Officer. Her role pertains but is not limited to, answering any enquiries that may present either by phone, over the counter, email or in person.

Having lived in the South West for some time, Gail is very passionate about her community and the surrounding district. She has been involved with several committees throughout the years and still donates her time to wherever it is needed.

Gail's hobbies include crafting pieces of jewellery from silver, lampworking and putting together designs of 'one off' pieces. She also enjoys spending quality time with family and friends.

Gail is glad to join the South West NRM team, and says she is thankful to work amongst such a collaborative bunch. She is looking forward to the future endeavours of the South West NRM/Condamine Alliance crew, and will be pleased to help you next time you call or drop into the office.
