- . Agricultural land. Agricultural Land Policy Paper. 1992: 1-58. Call # 1308.
- . Agricultural Systems. 1991; 37, (4): Contents Page. Call # 2067.
- . Analysis as craft. Policy analysis. 385-406. Call # 1304.
- . Analyzing Impacts of Extension Programs. (ESC-575): 1-21. Call # 2021.
- . Andhra Pradesh State Remote Sensing Applications Centre (APSRAC) - A Resume. 1991 Sep. Call # 1577.
- . The attitudes and behaviour of farmers and retailers towards rural chemicals in Victoria. Res. Report Ser. No. 84. 1990: 1-28. Call # 1400.
- . Blackland conservation research centre and Grassland - forage research centre (annual progress report). 1976. Call # 606.
- . Caring for the land. Annual Research Report - SCS. 1988: 5-11, 33-41, 51, 105-106. Call # 1469.
- . Compaction and engineering properties of soils. ASSSI Qld Branch Mini Symposium and Field Tour. 1986. Call # 1198.
- . Crop Residue Management for Conservation. Proceedings of a national conference. 1991 Aug. Call # 1670.
- . CSIRO Div. TC & P Annual Report 84/85. 128-33. Call # 2222.
- . Current Research at F.D.E.U. Field Drainage Experimental Unit. Call # 1376.
- . Derivation of (O) and K (O) from LL. DUL. SAT and SWCON. Call # 2066.
- . Determinants of soil loss tolerance. ASA Publication Number 45. Call # 1254.
- . Developing computer models for integrated catchment planning and conservation of soil and water resources. LWRRDC Project: ULA1. 1993: 1-7. Call # 1309.
- . 'Disk permeameter' measures soil properties. Rural Res. 1989; 144, 2. Call # 1290.
- . Dryland cropping practices in the southern great plains. Agricultural Reviews & Manuals. 1982: 1-16. Call # 1473.
- . The Economist Review - Textbooks on CD-ROM. Call # 2121.
- . Editor's Forum - Soil erosion: A problem that won't go away. Crops and Soils Magazine. 1981: 5-6. Call # 2034.
- . Enhanced Wheat Modelling Capabilities for Cropping Systems Simulation in Australia - The Integrated Wheat Model (I_Wheat). 149-83. Call # 2104.
- . Erosion and productivity. Streamland 3. 1982. Call # 1325.
- . Farming systems research at the international agricultural research centres. Proc. W'shop on Farming Systems Res., Nairobi. 1978: 1-12. Call # 1450.
- . Food for thought - High Productivity Pastures. Call # 2131.
- . Future research needs in soil science in Australia. Aust. Soc. Soil Sci. Incorpor. 1984; Publication No. 7, 1-19. Call # 1470.
- . Guelph Permeameter - Instructions. 1987: 1-28. Call # 1324.
- . Hydrology notes - Griffith University 1981. 1981. Call # 1440.
- . International conference on infiltration development and application. Call # 181.
- . International conference on measurement of soil and plant water status. 1987. Call # 182.
- . Journal of Soil and Water Conservation. Contents Page. Call # 2065.
- . A model for all seasons: Simulation in theory building and policy analysis. Computer Simulation Applications. 21-34. Call # 1337.
- . National soil lab committed to conservation. Agricultural Research. 1985 Mar: 8-11. Call # 1726.
- . Operating instructions - Guelph Permeameter (2800ki). Soilmoisture Equipment Corp. Rev 8/86, 1-28. Call # 1292.
- . Paper and synopses and authors' personal resumes. AWRC Workshop. 1983. Call # 1416.
- . Preserve the land - International conference on soil erosion and conservation. Paper summaries. 1983. Call # 1192.
- . Reading Table. Soil & Tillage Research. 1994; 31, 91-96. Call # 2142.
- . Report in erosion - Productivity workshop -. 1988. Call # 613.
- . Research reports and published papers. Field Drainage Experimental Unit. 1-11. Call # 1375.
- . Resume - Peter Stuart Cornish. Call # 2133.
- . Science and Technology - Growing Pains. The Economist. 1996: 81-83. Call # 2120.
- . A simple equation based on the well-known Green-Ampt approach (19, 29, 41) is tested for predicting the runoff initiation times under field situations.

- Bibliograph from Erodibility of selected Hawaii soils by rainfall simuation ars w-35. 1976. Call # 1145.
- . SMI - Measuring affinity for water in soils: a transistor psychrometer to measure soil suction. Call # 1030.
- . Software Intellectual Property. 50-56. Call # 2123.
- . Soil and Tillage Research. 1992; 23, (4): Contents Page. Call # 2063.
- . Soil and water research in transition - Priorities for the nation. Ag. Eng. 1981; 62(6), 18-20. Call # 1485.
