Trading Name:	Lot and Plan No /s:
ABN:	GST Registered: Yes / No
Phone No: (H) (M)	Email Address:

C. Will follow-up be required for best results?

2. Project details:

For example: Areas of work / area to be protected? Length and type of fencing / length and type of pipe/ number of troughs/ chemical use / How are you planning on maintaining this control activity into the future?

Please provide as much detail as possible

Area to be treated: (e.g. HA of weeds treated, KM of creek/riparian area protected, Length (KM) of fence erected, Length (KM) of water pipe installed, etc)	Area treatment will impact: e.g. Area (HA) of land protected from weeds, ha's of riparian zone treated
Timeframe for the delivery of the proposed work: (Start and finish date [no later than 31 May 2017])	

(Please also let us know if you would be willing to hold a field days or workshops on your property)

Project Location:

Please insert an appropriate map or diagram of your project area with GPS readings of the proposed infestations you wish to address, maps of fence lines and water points. If required, please refer to the South west NRM website for regional maps of the catchment zones: alternatively, discuss your location with your local NRM officer to assist with mapping requirements for submission.

Please also provide photos and/or monitoring points of the proposed project area as this will assist with monitoring and reporting of the project investment.

Please add an extra sheet if necessary to provide the information.

Project Budget:

NOTE: when developing your project budget and planning, please consider aspects such as:

- *Are the chemicals you are using the most appropriate for use on your target weed?*
- *Are you using best practice methods to control infestations?*
 - *Do you have a current pesticide user's certificate?*
 - *Are there other opportunities to utilise biological control methods?*
- *Do you need assistance in developing your property plans for this and other aspects of management?*
- *Are you able to source contractors in a timely manner if required?*
- *Are your in-kind contributions equal to or greater than the funding assistance requested?*
 - *You must demonstrate an equal or greater contribution financially than the amount requested for assistance, i.e. greater than a \$1 for \$1 ratio.*
